Your File No. : PM 641
Serial No. : 930,328

Dear Dr. Inskeep:

Pursuant to our recent conversations, we have now prepared and filed a supplemental prior art statement which brings the Miano, et al. patent to the Examiner's attention as being closer prior art than that of record. A copy of the statement is enclosed herewith for your files.

As discussed, in order to keep the pendency of this case, we will pay the base issue fee that is due to be paid no later than March 1, 1981.

We will be keeping you advised of all further developments in this case and until then, we remain,

Sincerely yours,

Morris N. Reinisch
